## IMPORTANT INFORMATION

Please read the following instructions carefully before installing the product.

*Please read this Instructions Manual BEFORE fitting the child seat and keep it for future reference.*

### WARNING

1. Use **Group 2 and 3** only from approx. 4 to 12 years of age (15–36 kg)
2. Please read these instructions carefully for proper installation; incorrect installation could cause serious injuries. In this case, the manufacturer shall not be held liable.
3. This child restraint system complies with the rules of Regulation ECE 44/04 and can be installed in most vehicles equipped with 3-point seat belts aligned to ECE Regulation 16. Anyway, you should always test the seat in your vehicle and with children on board before buying it, to ensure that this model meets all your needs. Under no circumstances shall this seat be fitted only with a 2-point lap belt.
4. Do not use this seat without its cover.
5. Protect this seat from direct sunlight, since it may become hot and injure the child.
6. When damaged or improperly used, replace the seat or the harness components.
7. Do not leave heavy objects within the vehicle since these may injure the child in the event of an accident.
8. Make sure the seat does not become caught by the vehicle's door or reclining seat. Likewise, check that the seat is properly and sufficiently fitted.
9. Never try to remove, change or add pieces to the seat or harness since their basic and security functions may be seriously affected.

10. Always fasten this safety seat into the vehicle with the seat belt, even when not in use. Never leave your child unattended when seated or not.
11. Please keep this safety seat away from corrosive products.
12. The manufacturer guarantees the quality of its products but not the quality of second-hand products or those registered under other trademarks.
13. The illustrations in this instructions booklet are for information purposes only. The child restraint may have small differences from the photographs or images in this instructions manual. These variations do not affect its approval by ECE Regulation 44/04.

## 3. INSTALLING CHILD SEAT. GROUP 2 AND 3.

### WARNING

Use Group 2 and 3 only from approx. 4 to 12 years of age (15–36 kg).

1. Place the child seat on the seat of the vehicle, (3.1).
2. Place the child in the child car safety seat (3.2).
3. Fasten seat belt, making sure the lap belt passes under both armrests and that the diagonal shoulder belt passes under the armrest closest to the anchorage point. Check that the belt is not twisted, place the height adjuster so that the belt is tight and guide the belt over the child's shoulder into the correct position (3.3 & 3.4).
4. Insert the vehicle safety belt in the vehicle anchor point. You will hear a "**click**" when properly installed (3.5).

### IMPORTANT

**Always check that the seat belt is firm and unwrinkled, but that it does not cause the child discomfort. To release your child, unbuckle the safety belt as described in the instructions.**

## 4. CLEANING AND MAINTENANCE

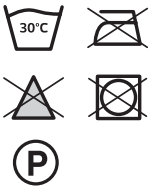

### Removal

1. Loosen the sheath, and remove from the elevator support (4).
